

Sten Olsson, Mr

After graduation as MSc in pharmacy and post graduate studies in toxicology at Uppsala University, Sweden, he became one of the original staff members of the Uppsala Monitoring Centre (UMC) in 1978 where he held many posts, most of them related to capacity building and competence development for national pharmacovigilance systems globally within the expanding WHO Programme for International Drug Monitoring. He managed the UMC international pharmacovigilance training courses 1993-2009 and contributed to pharmacovigilance training courses in 65 countries in 6 continents. He was the Scientific Coordinator of the EU funded Monitoring Medicines project in a 11-member consortium 2009-2013 and served as member of the WHO Global Vaccine Safety Initiative (GVSI) Strategic Priority Group 2012 – 2015. He has taken part in formal assessments of national pharmacovigilance capacity in seven countries. In 2016 he was elected President of the International Society of Pharmacovigilance, ISoP for a 3-year period. He was appointed member of the WHO Expert Advisory Panel on Medicine Safety in 2019 and awarded Fellow of the International Society of Pharmacovigilance (FISoP) 2020
